July 17, 1919.

Dr. C. C. Pierce,

Assistant Surgeon General,  
Washington, D.C.

Dear Sir:

I am inclosing to you monthly reports for May & June 1919 of the Veneral Clinic of the Portland Free Dispensary. We have had a Veneral Clinic since the dispensary was organized in 1910, but the evening clinics have only been opened in the last two months.

We did not know that we had been subsidized by the Chamberlain-Kahn fund as we have as yet received no financial assistance, but have hoped that we might receive assistance in this way.

WE desire to comply as far as possible with all regulations. We are glad to forward you reports and would be pleased to receive further suggestions.

WE wish to assist to the extent of our ability in this work. Please excuse the unavoidable delay in answering your letter,

Respectfully,
